The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 3 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite in that it fails to point out what is included or excluded by the claim language. This claim is an omnibus type claim.

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

Claims 1 and 2 are rejected under 35 U.S.C. 102(e) as being anticipated by Boulay et al (6,108,799).

As per claim 1, Boulay discloses a dual interface support for scripting languages (column 4, lines 52-63).

As per claim 2, Boulay discloses an interface for loading a data object, the interface for loading a data object comprising one or more of the following : a procedure for obtaining a data server; a procedure for obtaining a connection string; a procedure
